Exemption Information

WCAD has various State mandated exemptions that taxpayers may qualify for Homestead Disabled Person, Homestead Age 65 or Over and Surviving Spouse residential exemptions may be submitted to WCAD for processing. An adult homeowner may qualify for one residential homestead exemption in a tax year. If more than one adult homeowner owns a home only the person(s) that live in the residence may qualify for the homestead exemption based upon the percentage (%) of their ownership in the home. A homestead may include up to maximum 20 acres of land that is actually being used as a home (residence). To qualify for a homestead exemption, the owner must reside in the home (residence) on January 1 of the current tax year.

For School Tax purposes, the over 65, disability, surviving spouse and 100% disabled veteran residential homestead exemptions create a tax ceiling prohibiting increased taxes on the homestead of existing improvements. The tax ceilings are adjusted if new improvements are added to the existing homestead.

Homeowners qualifying for the residential homestead exemption receive a **homestead cap** that limits the increase of **taxable value** on the homestead to ten (10) percent per year.
